Managing Freelancing Projects

Project: Working with a Mock Client

Part 1

Project Listing

Sample Project Listing #1:

Web Development

Web application development support needed for healthcare application.

Posted 2 hours ago

Hourly: \$35.00 - \$65.00 Based on experience.

Project Time: 3 months, 25 hours a week.

Project Description:

We are a web development company working with a healthcare client looking to connect patients directly with their doctors. We need someone to be able to take PSD mockup files from our designer and convert them into custom code using HTML, CSS, and JavaScript. We have not decided on which JavaScript library to use, but will be open to working with the one you're most familiar with. We have the designs for 10 pages and will need them to be completed in 3 months. We are open to working with all levels of experience, but the pay will be adjusted based on your experience.

Sample Project Listing #2:

Digital Marketing

Email Marketer for Annual Fundraising Event.

Posted 2 days ago

Hourly: \$30.00 - \$40.00.

Project Time: 1 month, 10 - 15 hours a week.

Project Description:

We are looking for someone to create a drip email campaign to help us sell tickets for our annual fundraising event for our non-profit. This would require audience segmentation, custom email creation, and call-to-action development. We are to reach our goal of 700 tickets sold. We haven't decided on the best tool to do this yet and would be open to your recommendations. Serious inquiries only.

Sample Project Listing #3:

Data Analyst

Seeking experienced Data Analyst to build dashboard for local insurance company.

Posted 1 week ago

Hourly: \$90.00 Based on experience.

Project Time: 1 year, 20 hours a week.

Project Description:

I have taken over a local car insurance company from my parents and have inherited hundreds of Excel spreadsheets with past and current customer information. I need help organizing this data and creating a dashboard to allow me to filter the data and create reports as needed. I would also need guidance on how to transfer the data to the tool of your choice. Looking forward to working together!
